Product Description

IP Rate IP44 Dimmable LED Bulb 1.97*2.36inch for Effortless Lighting

Product Description:

We understand that the perfect lighting ambience can be hard to achieve, so we have designed our Dimmable LED Light Bulbs to provide you with the ultimate level of light control for your home or office. Our variable LED light is adjustable, allowing you to dim or brighten the lights as you please. With its IP44 rating, you can have peace of mind that you and your family are safe from any potential hazards. Our dimmable LED bulbs are incredibly easy to use and install. With a wattage of 3W and a wide voltage range of AC85-265V, our dimming LED lamp is the perfect choice for your home lighting. Plus, with its GU10, MR16 and GU5.3 light base, you can be sure that our Dimmable LED Light Bulbs are compatible with your existing light fittings.

Support lighting DIY

Support and Services:

Dimmable LED Light Bulbs technical support and service includes:
Providing detailed instructions on how to install and use the light bulbs.
Answering any questions related to the product and its features.
Providing technical assistance in case of malfunction.
Providing replacement bulbs in case of defects.
Offering warranties for the product.

Packing and Shipping:

The packaging and shipping of Dimmable LED Light Bulbs requires special attention. The bulbs are individually packaged in a box with appropriate cushioning and protection to ensure that the bulbs arrive intact and undamaged. The boxes are then securely sealed with clear packing tape and labeled for shipping. The bulbs are then placed in a larger box with cushioning and protection around the individual boxes. The outer box is then sealed with additional tape and labeled for shipping.
