Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: NCJ TECH
- Certification: CE
- Model Number: NSL-AL02
- Minimum Order Quantity: 100 pcs
- Price: Negotiation
- Packaging Details: White box + Outer box (K=A)
- Delivery Time: 1: Sample and small order: Within 7 working days after receiving your payment. 2: Bulk order: 3-4 weeks after receiving your deposit.
- Payment Terms: T/T, Paypal
- Supply Ability: 10000pcs per month

Product Specification

- Light Base: E27 B22
- Beam Angle: 120°
- Voltage: AC85-265V
- Wattage: 5W/7W/9W
- Material: Aluminum+PC Housing
- Luminous Lux: 90ml/w
- Color Temperature: 3000k-6500k
- Highlight: **B22 PIR Sensor Light Bulb,**
E27 PIR Sensor Light Bulb,
E27 Sensor Light Bulb Motion Activated

Product Description

Luminous Lux 90ml/w Motion-Activated Lights with E27 B22 Light Base

Product Description:

PIR Sensor Lights are motion-detection lights that provide bright illumination and energy-saving benefits. They have a luminous lux of 90ml/w and are available in wattages of 5W/7W/9W, making them suitable for a variety of home and business applications. They are designed for easy installation and feature an E27 B22 light base and a 120° beam angle. These lights come in a range of color temperatures, from 3000k to 6500k, for optimal lighting in any space. With their motion-detection capabilities, PIR Sensor Lights are the perfect choice for illuminating any area, indoors or outdoors.

Technical Parameters:

Parameter	Value
Motion-Detection Lights	Yes
Beam Angle	120°
Material	Aluminum+PC Housing
Wattage	5W/7W/9W
Light Base	E27 B22
Voltage	AC85-265V
Color Temperature	3000k-6500k
Luminous Lux	90ml/w

Applications:

1. During the day, people and cars pass by, and the lights will not light up.

2. At night people enter the detection area and the lights automatically light up.

3. The person moves in the detection area until the person leaves, the light continues to light up.

4. After the person leaves the sensing range for 50-60 seconds, it automatically turns off.

Support and Services:

Our PIR Sensor Lights come with a comprehensive technical support and service package. Our technical support team is available 24/7 via email or phone to provide assistance and answer any questions you may have about the product. We also offer repair and replacement services. If there is an issue with your product, our team can provide detailed instructions on how to fix it. If the product cannot be repaired, we can provide a replacement free of charge. We use a secure online platform to store all product data, ensuring that your product information is safe and secure. We also offer a warranty on all our products, giving you peace of mind that your product will remain in working order.

Packing and Shipping:

Packaging and Shipping for PIR Sensor Lights:

The package for the PIR Sensor Lights includes the sensor, mounting hardware, and power adapter.

The PIR Sensor Lights will be shipped in a cardboard box with padding to prevent damage.

The package will be shipped via a reliable shipping carrier with tracking information.
